

# Elementary School Prospects List Form

This list is used to identify the schools (“prospects”) that you would like to contact about setting up fundraisers. When you complete this list, save and email it to your GreatMoods contact. The list is a starting point. You will be able to add more schools later, so don’t feel you have to fill in every line.

GreatMoods will copy logos and pictures from the school's website for use in the creation of the school's personalized sample website. This website will be a powerful tool for you to use in your sales presentation.

Elementary School Name

Andersen United Community School

Website URL:
